01 Ajax Palace Coastal Heights - Wide Shore Waves, Ravens, Mediterranean Sea

AMBSea_Ajax Palace Coastal Heights - Wide Shore Waves, Ravens, Mediterranean Sea_SUNBOAT_SALAMINA.wav

UCS	AMBSea / SEASIDE
Duration	12:50 | 770.278 s | stereo PCM / 96 kHz / 24-bit
Description	Long-form stereo coastal ambience recorded from the elevated Mycenaean site near Kanakia on Salamina, Greece, traditionally associated with Ajax. The high vantage point reveals two distinct shoreline wave fields separated naturally by the terrain, creating a broad left-right coastal perspective. Continuous Mediterranean sea activity, distant surf and sparse ravens form an open, spacious and highly scenic island atmosphere.

02 Perama Ferry Departure to Salamina - Ramp Raising, Vehicle Deck & Engine Crossing

AMBNaut_Perama Ferry Departure to Salamina - Ramp Raising, Vehicle Deck & Engine Crossing_SUNBOAT_SALAMINA.wav

UCS	AMBNaut / NAUTICAL
Duration	18:56 | 1136.725 s | stereo PCM / 96 kHz / 24-bit
Description	Long-form stereo recording aboard a ferry departing Perama, Greece, for Salamina. The recording begins as the vehicle loading ramp is raised, followed by sparse unintelligible passenger and crew chatter across the vehicle deck. Car and motorcycle engines start and vehicles move into position as the ferry gets underway. The scene then settles into a sustained crossing with continuous ferry engine and propulsion activity, mechanical vibration, sea movement and the resonant ambience of the vehicle deck.
