| Aston_Martin_DB9_engine_1+driveby_C.wav   | Onboard recording of a Aston Martin DB9 with a 5.9 litres V12 engine and 456 hps. The recording consists of eight channels, interior left and right, exhausts left and right and four engine channels. It contains start, stop, idle, blipping, revving on constant rpms without gear, accelerations, decelerations and driving. Full surround drive away and drive by added in | 24       | 48000      | 1        | 11:59.559 | WAVE          |
| Aston_Martin_DB9_engine_2+driveby_Top.wav | Onboard recording of a Aston Martin DB9 with a 5.9 litres V12 engine and 456 hps. The recording consists of eight channels, interior left and right, exhausts left and right and four engine channels. It contains start, stop, idle, blipping, revving on constant rpms without gear, accelerations, decelerations and driving. Full surround drive away and drive by added in | 24       | 48000      | 1        | 11:59.559 | WAVE          |
| Aston_Martin_DB9_engine_3+driveby_Ls.wav  | Onboard recording of a Aston Martin DB9 with a 5.9 litres V12 engine and 456 hps. The recording consists of eight channels, interior left and right, exhausts left and right and four engine channels. It contains start, stop, idle, blipping, revving on constant rpms without gear, accelerations, decelerations and driving. Full surround drive away and drive by added in | 24       | 48000      | 1        | 11:59.559 | WAVE          |
| Aston_Martin_DB9_engine_4+driveby_Rs.wav  | Onboard recording of a Aston Martin DB9 with a 5.9 litres V12 engine and 456 hps. The recording consists of eight channels, interior left and right, exhausts left and right and four engine channels. It contains start, stop, idle, blipping, revving on constant rpms without gear, accelerations, decelerations and driving. Full surround drive away and drive by added in | 24       | 48000      | 1        | 11:59.559 | WAVE          |
| Aston_Martin_DB9_exhaust_L+driveby_LFE.wa | Onboard recording of a Aston Martin DB9 with a 5.9 litres V12 engine and 456 hps. The recording consists of eight channels, interior left and right, exhausts left and right and four engine channels. It contains start, stop, idle, blipping, revving on constant rpms without gear, accelerations, decelerations and driving. Full surround drive away and drive by added in | 24       | 48000      | 1        | 11:59.559 | WAVE          |
| Aston_Martin_DB9_exhaust_R+driveby_Cs.wav | Onboard recording of a Aston Martin DB9 with a 5.9 litres V12 engine and 456 hps. The recording consists of eight channels, interior left and right, exhausts left and right and four engine channels. It contains start, stop, idle, blipping, revving on constant rpms without gear, accelerations, decelerations and driving. Full surround drive away and drive by added in | 24       | 48000      | 1        | 11:59.559 | WAVE          |
| Aston_Martin_DB9_interior_L+driveby_L.wav | Onboard recording of a Aston Martin DB9 with a 5.9 litres V12 engine and 456 hps. The recording consists of eight channels, interior left and right, exhausts left and right and four engine channels. It contains start, stop, idle, blipping, revving on constant rpms without gear, accelerations, decelerations and driving. Full surround drive away and drive by added in | 24       | 48000      | 1        | 11:59.559 | WAVE          |
| Aston_Martin_DB9_interior_R+driveby_R.wav | Onboard recording of a Aston Martin DB9 with a 5.9 litres V12 engine and 456 hps. The recording consists of eight channels, interior left and right, exhausts left and right and four engine channels. It contains start, stop, idle, blipping, revving on constant rpms without gear, accelerations, decelerations and driving. Full surround drive away and drive by added in | 24       | 48000      | 1        | 11:59.559 | WAVE          |
