

Cessna Aerobat 150K 1970 civil utility airplane

The Cessna Aerobat 150K 1970 civil utility airplane sound library delivers 41 high-quality sound effects capturing the classic 1970s two-seat acrobatic light aircraft. Designed for film sound designers, game audio engineers and post-production professionals, this collection covers complete mechanical and flight operational perspectives, ranging from high-speed flybys and ground taxiing to cockpit controls, door latches, handbrake toggles, idle standing, takeoffs and landings. Recorded on location with multi-microphone field recording setups, this library provides detailed interior and exterior Foley alongside full flight passes for realistic aviation soundscapes and interactive vehicle implementation.

Whether you need authentic propeller passes for airborne scenes, mechanical Foley for cockpit interactions or continuous internal flight loops, this library offers isolated coverage across all operational states of a vintage general aviation airplane.

Comprehensive flight and ground maneuvers: Captures fast and slow flying passes, full unedited flight recordings, ground taxi passes, ground-perspective and onboard-perspective takeoffs and landings, as well as engine startup, idle, and shutdown cycles.

Detailed mechanical Foley: Documents cockpit button clicks, handbrake levers up and down, and interior/exterior door opening and closing actions across multiple takes.

Pristine high-resolution capture: Recorded uniformly at 32-bit float / 192 kHz to ensure maximum dynamic range, low noise floor and exceptional pitch-shifting flexibility for post-production processing.

Multi-microphone spatial perspectives: Recorded using matched shotgun, omni and boundary setups to capture both focused mechanical detail and wide acoustic perspectives during flight maneuvers.

Technical specifications

Audio quality: 32-bit float / 192 kHz (Lossless high-resolution format)

Workflow: Fully UCS compliant (Universal Category System)

Microphones: RØDE NTG1, Line Audio Omni1, FEL Clippy XLR EM272

Recorders: Sound Devices MixPre-6 II, Zoom F3

Content: 41 WAV files (Detailed flight passes, engine maneuvers and mechanical Foley for a 1970 Cessna Aerobat 150K)

Tracklist:

1. cockpit button 1
2. cockpit button 2
3. cockpit button 3
4. door close inside 1
5. door close inside 2
6. door close inside 3
7. door close inside 4
8. door close outside 1
9. door close outside 2
10. door close outside 3
11. door close outside 4
12. door close outside 5
13. door open inside 1
14. door open inside 2
15. door open inside 3
16. door open inside 4
17. door open outside 1
18. door open outside 2
19. door open outside 3
20. door open outside 4
21. driving on the ground
22. fly by 1
23. fly by 2
24. fly by 3
25. fly by 4

26. fly by 5
27. fly by 6
28. flying, fast
29. flying, slow
30. full flight, unedited
31. handbrake down 1
32. handbrake down 2
33. handbrake up 1
34. handbrake up 2
35. idle, standing on the ground
36. landing, ground perspective
37. landing, plane perspective
38. pass by driving on the ground
39. taking off, ground perspective
40. taking off, plane perspective
41. turn off
